RIVIERA

CORINTO: THE BROADEST COLLECTION OF WOOD FURNITURE

Corinto is not only a delicious sweet grape neither a typical column in a Corinthian Greek temple. It is the combination of more than half a century of Riviera craftsmanship and today's technology.

Corinto is the broadest collection of wood office furniture available, whether you are furnishing a single work setting or a full floor.

Choose Corinto to meet your expectations, from multi-functional team workstations to the executive boardroom, from upscale work place environments to the personal home office.

Natural beauty of the wood,  
carefully crafted furniture pieces,  
thousands of combinations.

## CORINTO: QUALITY, VERSATILITY AND VALUE

Corinto is quality furniture that is good for your image as well as for your bottom line. Designed to increase your flexibility, Corinto is an incredibly large collection of furniture pieces encouraging a wide variety of applications.

Organize your working environment to enhance your efficiency and comfort.

## CORINTO: COMFORTABLE AND PRODUCTIVE ENVIRONMENTS

Corinto components can be combined to create a variety of attractive, comfortable and productive work place environments. Here is an example of a highly efficient use of vertical space.

An extensive choice of components, sizes, shapes and functions allow tailor-made workspaces.

## CORINTO: CLEAN LINES, PURE DESIGN, TOTAL EFFICIENCY

Corinto allows you to create a rich environment at a surprisingly affordable cost. The P-shaped table adds ample work surface while encouraging interaction. Lots of storage space keep things right where you need them.

Two, six or twenty Corinto workstations, all identical or personalized to each user... the choice is yours, but the quality is Riviera.

## CORINTO: MODULARITY AND PERFORMANCE...

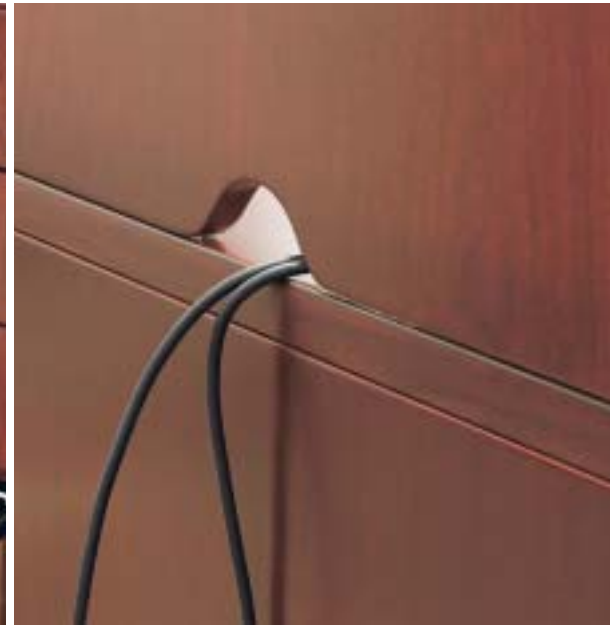

Corinto is prestigious looking modular wood furniture designed to respond to the demanding dynamics of today's work place. High performing, cost effective, Corinto is equally at home in the fostering group interaction of a multifunctional open plan and in a warm, quiet private office.

Practical pigeonholes, valence to hide integrated lighting, "daily" drawers of a semainier, easy cable openings... this is attention to details.

## CORINTO: VERSATILITY, FLEXIBILITY AND TECHNOLOGY

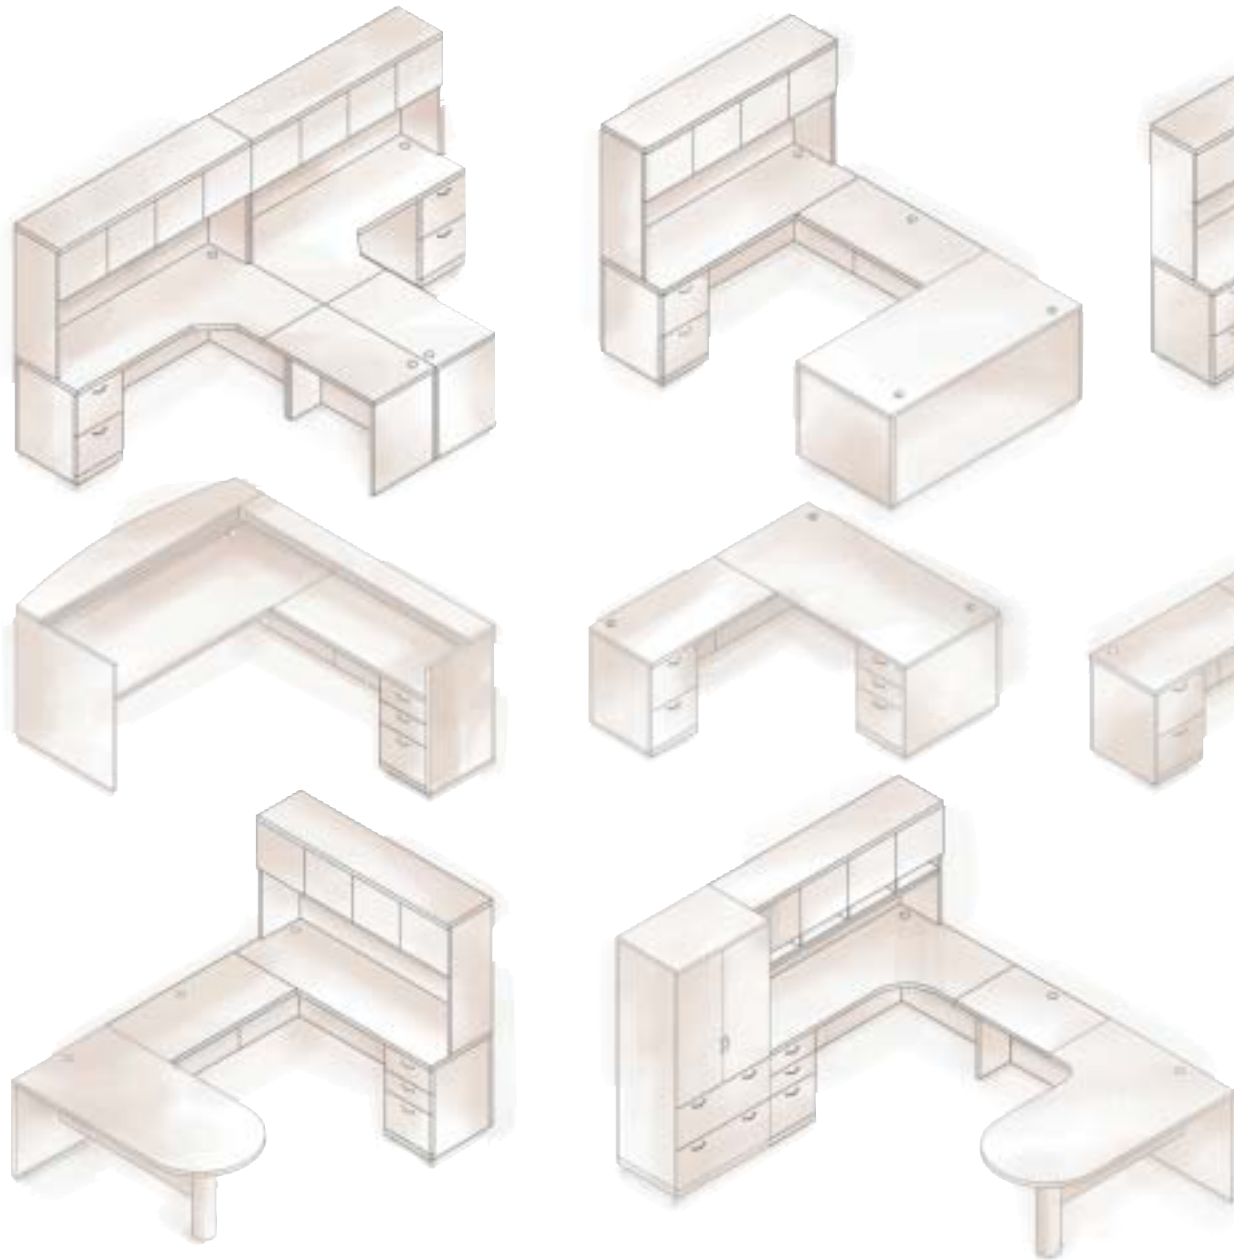

With Corinto, you get durability and value: quality hardware, all wood drawers, dovetail construction, wood veneer edges and seven-steps finishing...

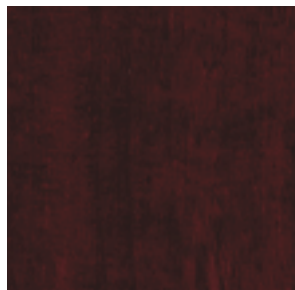

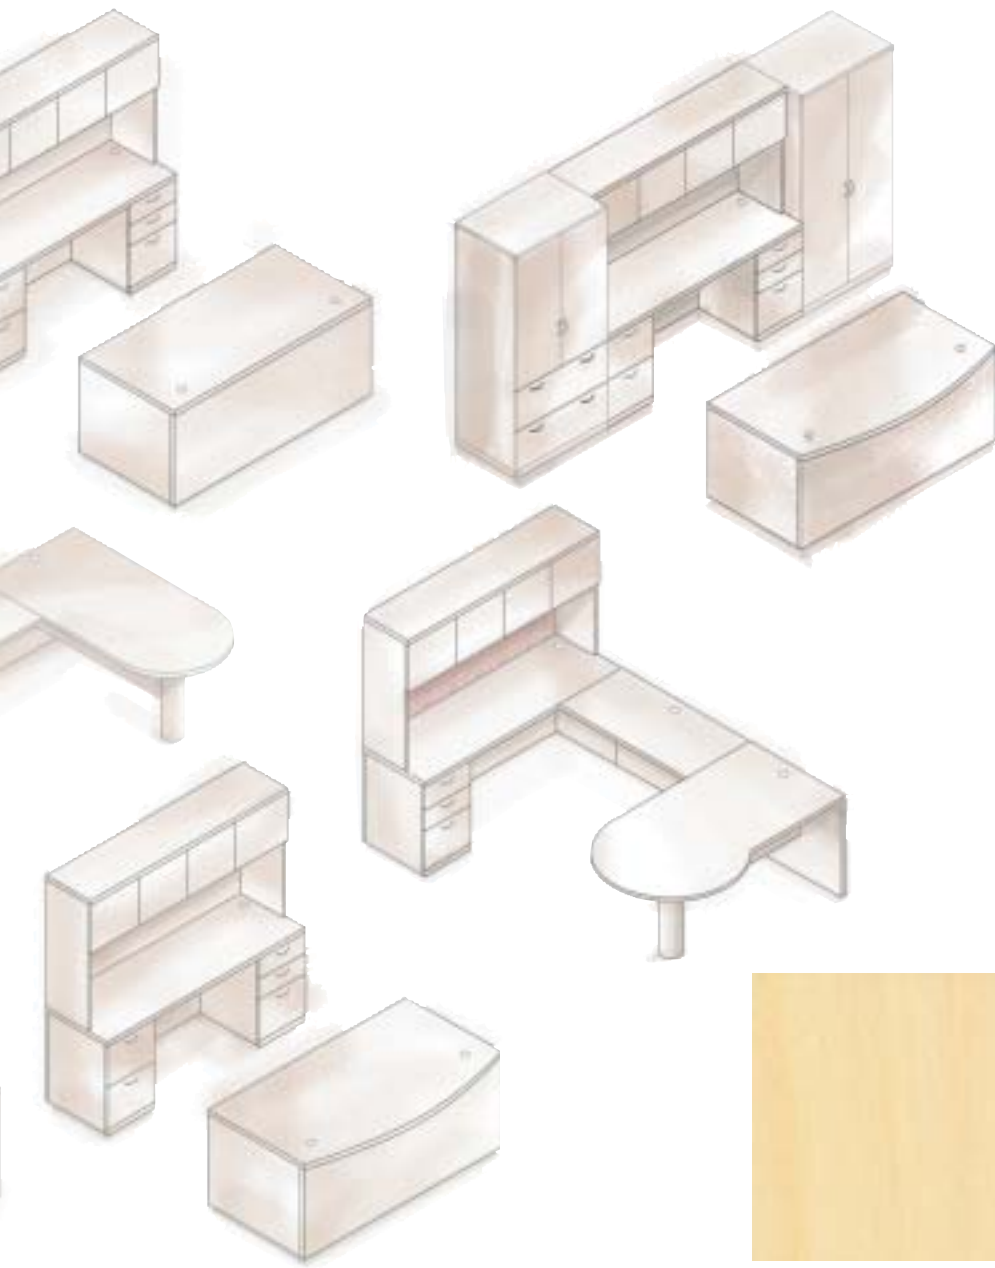

Create hundreds, thousands of combinations, from the basic workstation to the most prestigious environment, in six wood finishes!
